Bay St. Louis Commission Council Monday approved the request of Cable Video, Inc., for a community television antenna and cable system within the city limits and held for study two bids on police cars and extra equipment needed to be determined.

Contract and ordinance for Cable Video service remains to be executed but City Commissioner J. Cyril Glover said he expects it will be shorter in time than the firm previously submitted with the city of Piquette.

The company, headquartered in Bay Springs, proposes to pay three per cent of its monthly gross revenue to the city for the same amount granted other public utilities, using wherever possible existing power and telephone poles for its lines.

brought up the question of finances and explained that as a result of the decision by the Hancock County Board of Supervisors to reduce its monthly contribution to the Chamber of Commerce from \$200 to \$50 the organization would be able to undertake only minimal services which required expenditure of funds. He also stated he thought local business and professional interests should at least finance the basic costs of operating the Chamber of Commerce, which he estimated to exceed \$3,200 a year, so that any contributions by the county and municipalities would be available for special projects including advertising the county

Apple Bourgeois was lovely in her full skirted sequined ball gown when Missa crowned her queen of the "State Fair" at St. Joseph's spring festival Saturday night. The gymnasium was effectively decorated to create a true fair atmosphere and the queen and maid of honor, Missa and Missa, were crowned as beauty contestants and their dukes were crowned. A dance for students and their guests climaxed the evening.

The girls thoroughly enjoyed their third field trip of the year when they attended a picnic in the Crescent city on Saturday.

Martha Lynch received a beautiful orchid from her escort when she attended the Spring festival dance Saturday night. Happy belated birthday greetings go to Ann Ballatin who celebrated her 15th last Wednesday, April 15.

The 13 girls and boys turning up at the first annual Jaycee sponsored Road-O had the best of their lives. Of course as predicted none of the road kids showed. Contestants were Artha Garcia, Susan Brown, Douglas Salley, and a 14 Lashley, Charlie Smith, Robert Brown, Stanley Adams, Jeff Wallert, Jay LaSalle, C. J. Favre and Louis Salvo.

Pretty Barbara Brown and Douglas Salley were smiles when Mayor John R. Smith presented them with engraved plaques. Barbara's score was 339 out of a possible 400. Douglas was high with 341. Runners-up receiving bronze keys were Suzanne Brown, 322; Artha Garcia with 296, Ronald Salley, 330 and Robert Brown, 339. All participating were two patches and agreed it was a lot of fun.

The results proved not only that we have responsible teen drivers in town, but the course was tough and the judges stated that he didn't want to try it but also loved that driver education, only being offered in public schools, is effective. All three of the boy winners had completed the course as had Barbara and Douglas.

Barbara and Douglas will compete in state finals in Clinton, Miss., on May 9. Winners of this event will enter national competition in Washington, D.C. where they will enjoy a five day all expense paid vacation.

Jaycee Lee Choppin, called for talling results and came with a few surprising facts. The girls beat the boys by a surprising 13 points in the living part of the tests, but were 6 points ahead on fifteen questions, this probably due to the fact that Barbara was the only winning girl who had taken driver education among the winners. Susan Pugh, who has also taken the course was the only contender to receive no demerits on the toughest part of the driving test, parallel parking.

Pamela Sue Webb is another college student helping to make this area on the map. Pamela's selection as Miss Southern is an honor and it couldn't have happened to a nicer gal.

Lincoln General Hospital military juniors, officially called Candy Stripers, have elected as officers Piji White, president; Terri Candee, secretary; Sharon Malone, treasurer, and Dottie Wood, reporter.

Christ Episcopal Day School dance fair winners who headed the district fair in St. Louis recently included Mary McDonald, Carl Traub, and Mike, Laura McCann, and Jane Chapman, Claude Scarborough, George Wyatt and Ben Polonsky.

Mary Beth Cardin could have been beautifully for a Tarey. "I'd rather fight than etc." week. She was wearing a flower as the result of being accidentally hit in the eye by a baseball.

Velda Pitts celebrated her 15th birthday with a slumber party at the North Beach home of her grandmother, Mrs. James A. Evans.

St. Stanislaus boarder, Mrs. Bessie returned to school Sunday after undergoing

an operation.

FORMAL ANNOUNCEMENT OF

**EDWARD A.
(EDDIE) KHAYAT**

**CANDIDATE FOR
U. S. REPRESENTATIVE
5TH DISTRICT MISSISSIPPI**

To The Citizens Of The Fifth Congressional District:

Please accept this advertisement as my formal announcement of my candidacy for the office of Congressman, Fifth District, State of Mississippi. I am positive that I am fully qualified to serve the one-half million citizens in our district. My record of 32 years of public service composed of 12 years of teaching and coaching, 18 years as a bank official, and 16 years as a member of the Jackson County Board of Supervisors, gave me the opportunity of actively participating in major improvements of the entire area.

First and foremost in the minds and hearts of millions of Americans is this abominable legislation called civil rights. I am against any and all civil rights legislation. Nowhere in the Constitution has it ever been written that the Congress shall legislate the human, moral, and spiritual resources of this nation. I've always believed that this is a nation of the people, by the people, and for the people. The people of the United States created the Congress by electing by secret ballot the Representatives and Senators. This same Congress created the Supreme Court and provided that nine justices be appointed. Here is the real cause of all our troubles. I cannot understand how so much power has been placed in the hands of nine men. If you elect me to the Congress, I promise you an all out fight to put into law curbs and restrictions on the Supreme Court. You and I know that this 'tail is wagging the dog'. We must stop them now. I further promise an all out fight for a thorough investigation of the so-called "executive order" powers held by the President. The whole scheme of our government was and is designed on a system of checks and balances. The Judicial and Executive departments have gone far beyond the duty assigned to them. I am young enough, strong enough, and I know enough to create an all out fight against creeping communism.

Everybody in Mississippi knows the story of the amazing progress made in Jackson County in the last 16 years. I was and am a part of the team that was responsible for this progress. I truly feel in my heart and soul that young, aggressive, active, and "know-how" support at the congressional level can give our district the big boost it needs now to convert it into one of the finest and most prosperous areas in America. Most of you know that for twenty years I have been very active in the promotion of the Pat Harrison Waterway, the Pearl River Waterway, the Harrison County Seaway, and all ports on the Mississippi Coast. The leaders in these movements know that I have worked with them on the local and state level day and night and I have traveled many miles to alert our citizens to the fact that water resources are a national shortage and that south Mississippi has been blessed by God with billions of gallons of this precious fluid. I have assisted local and state officials and civic groups in getting all the above-mentioned projects described into law. If you will elect me to the Congress, I promise an all out fight to put these projects into existence.

I am thoroughly familiar with all the natural resources of our district such as our forests, our fisheries, our farms, and our oil and gas. You can rest assured that I will give full time active support to the finest and fullest development of these God-given resources.

The finest resource we have is our young people. I know very well the problems of the many men and women who are charged with the responsibility of preparing young Americans for tomorrow's living. I also know that we have a trained intelligent reservoir of citizens who find themselves in industry and federal services. These have joined hands with management in bringing to our district quality products and quality services. I have gone all over the nation and the state of Mississippi making speeches, telling America that our industries are among its finest and that we too are giving tremendous economic support to the national economy. My record for the years which I have been privileged to live as a citizen of this district, this state, and this nation is given below in the form of a biography.

EDWARD A. KHAYAT

BORN: Biloxi, Mississippi, January 1, 1911.

CHILDREN CHILDREN AND MORE YET TO COME

Here are just a few reasons you should VOTE FOR THE COUNTY SCHOOL BOND ISSUE ON MAY 2.

Increased population which is causing much of the classroom crowding will in turn bring about increased spending to help balance any tax increase.

How can children be expected to learn when in some cases two grades are taught in a single room and one class is expected to study while the other tries to learn?

Face the facts! If your child is to get an education in our county schools the school bond issue MUST PASS and YOUR VOTE May 2, may make the difference.

Vote 'yes'

A year ago Mr. H. M. Ivy, executive director, Associated Consultants in Education, Meridian, told the board of trustees of the Bay St. Louis Separate Municipal School District, "Forget N.A.S.A. You already need a new high school." This comment was made in Mr. Ivy's presentation of the survey results made by his firm of the municipal school district.

While no similar survey has been made of our county system and while it is possible that without MTO's location here in Hancock County there would be no need for additional school construction at this time, it takes no specialist to see that additional school facilities are urgently needed by the county.

To begin with a school must be constructed to replace the Logtown School and the school board's choice of Pearlington for the location is certainly logical. The Gulfview School has been seriously overcrowded this year; it was even crowded last year. Hancock North Central has not been seriously crowded so far partially due to a four classroom addition completed last year and partially due to the opening of the new parochial school at Kiln, but it soon will be unless added to now.

There are two advertisements in the Echo this week concerning the proposed \$375,000 bond issue to construct additional facilities at Pearlington, Logtown and North Central. These advertisements may be partisan in their approach but they merely point to the problem and the proposed solution. Minor objections, we feel sure, can be found to the specific proposals of the school board but to the over-all proposition we feel no sound objection can be taken. Their solution may not be perfect but it is a good one. We urge all of you to read these ads and we further urge that on May 2, you vote for the bond issue. We just hope the school board has asked for enough.

District 8 meet

See SSC threat in track

St. Stanislaus thinside, coached by A. H. Morgan, are rated in the top three of at least 17 schools to give defending champion, Gulfport, most competition in the annual District Eight track and field meet Saturday in Joseph W. Miller Stadium at Gulfport, beginning at 1:30 p.m. Other two teams are Pascagoula and Biloxi.

Coch Wilmer Seymour of Bay High said he is not expecting too much from his last this year as the school has no track to practice and the soggy condition of Tiger Field has added to his woes.

Other entries include Pica-yune, Moss Point, Harrison Central, St. Martin, Lumberton, Long Beach, Ocean Springs, East Central of Jackson County, Notre Dame of Biloxi, Pass Christian, Stonehill of Wiggins and Petal.

The Commodores have won the meet three years in succession and are again favored this year.

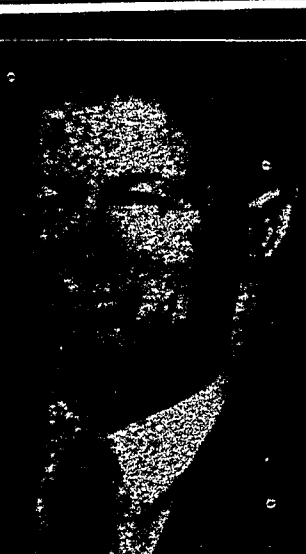

Rockchaw relay teams are expected to cop these events, having beaten some of the best teams in the area including Gulfport. The 880 foursome is made up of Charles Levings, Peter Merritt, Lovell Griffin and Dale Burke. Running the 440 will probably be Mike Brady, William Delane, Merritt and Dale Burke.

Shot putter Richard Stinson and discus thrower Merritt have also proven their ability to beat the best competition in this area although not expected to top former student, J. R. Lolascano, who in April of 1960, set a new discus record in the annual meet with a 129 ft. 10 in. throw, beating the old record by 6 ft. 11 in. He also tied the shot put record with 50 ft. 3 in. although the shot landed in a hole.

Tiger 9 tops Long Beach

With the score 2-1 favor of Long Beach, Bay High's rightfielder, Danny Kramky, came through with a circuit drive with two aboard as the Tigers went on to win the ball game 2-1 Tuesday afternoon in Long Beach's stadium to leave the Tigers undefeated in their season.

They have to struggle on Saturday at St. Stanislaus Field in Biloxi when they meet the Rockchaws at 5:30 p.m. in their season.

HOMER O. MACKAY
Mackey named area forester

Homer O. Mackey has been assigned as area forester for Hancock County, State Forestry Jack Holman has announced. A forestry graduate of Mississippi State University, he has been in training in the Forestry Commission's northern district at Tupelo for the past several months.

As area forester he will be in charge of all forestry commission activities in Hancock County. Mackey will make his headquarters at Bay St. Louis.

He is married to the former Jane Hearn of Rienzi. They have two children.

Rhodes stars at bat but SSC bout

Dusty Rhodes continued his record-breaking hitting streak, having hit safely in every game this season, but St. Stanislaus Rockchaws took it on the chin Tuesday afternoon 3-0 at the hands of Notre Dame in Biloxi.

The Rocks' only threat came in the top of the fourth when Ray Chiniche led off with a single, Wayman Carr walked, Dusty Rhodes sacrificed with a grounder to first advancing Chiniche and Carr but the two clean-up hitters, Juan Dedonious and Doc Rhodes whiffed to end the inning.

Bay High scored once in the first inning but the Bearcats evened the score in the second and went ahead in the third by one. It was a pitchers duel for the innings between Tiger Mike Smith and Bearcat Mike Smith, with the explosive right hander of the Tigers piling across five runs.

The Mississippi Legislature POLITICOS SPEAK

BY RALPH SOWELL JR.

The 1964 session of the Mississippi Legislature just might turn out to be one of the longest in the state's history—unless there's some action soon approving some type of revenue measures.

This week just may be the week to "break the ice." Gov. Paul Johnson seems to be the key to ending a stalemate and expediting final adjournment of the Legislature, now in its 16th week.

Johnson was scheduled to address a joint session of the Legislature Tuesday to outline his official position on additional taxes needed to balance a recommended \$336-million budget for the biennium starting July 1.

Included in the budget is an estimated nine million for new programs sponsored by Gov. Johnson for furtherance of the state's industrialization through research and police power for highway patrolmen equipped to cope with an anticipated mass invasion of integrationists this summer.

Last week, the last of Gov. Johnson's recommendations to the legislature was dropped in the Senate hopper. The bill would call for reorganizing the state parks and improving the facilities.

Final pass on patrol

Gov. Johnson's patrol bill, calling for expansion of the Mississippi Highway Patrol from 275 to 475, passed the Senate last week, after already receiving House approval.

The controversial measure was opposed by Senators who sought to limit use of the patrol to requested instances. Sen. Howard McDowell of Biloxi said the bill would create "a traveling Gestapo like that of Nazi Germany and Russia."

The House approved two bills relating to liquor in Mississippi last week. One bill repeals the 20-year-old black market tax on illegal booze.

The other measure permits circuit court judges to order confiscated whiskey sold outside of the state.

State pen changes

The Senate put the final stamp of approval on a House-approved bill which will reorganize the State Penitentiary at Parchman. Before approval, several amendments were tagged on to the measure—including one to forfeit the use of the "Black Annie" lash on prisoners.

The House grounded a Senate-approved bill calling for the creation of a state aircraft pool, which supporters have contended will cut travel expenses of governmental agencies.

Under the bill, agencies would not have individual aircraft in the future. Instead, three to five aircraft would be available for all agencies and the governor's office.

The House adjourned on a sour note last week in the midst of debating a proposal calling for the establishment of a Pearl River Basin Development District. The session came to an abrupt end during the discussion.

The bill provides for a 23-county district and studies into the feasibility of improving the river basin.

Sen. C. L. Patridge of Schlatter told newsmen at the end of last week that his Senate Penitentiary Committee has plans for an investigation into reports of prisoners buying their way out of the penal farm at Parchman.

He said checks would also include reports that large amounts of fertilizer were being stolen from the 21,000-acre facility. Patridge said he had no evidence to back up any of the charges and was making no claims of dishonesty at this time.

Hancock legislators

Sen. James A. Rester of Leetown was among the introducers of two bills dropped in the Senate hopper last week. One would allow placement of soil conservation signs upon highway rights-of-way in certain counties.

The other bill, supported in the House by Rep. Walter J. Phillips of Bay St. Louis, also, would provide for the appointment of a joint committee to study the election laws of Mississippi and report their findings to the 1966 Legislature.

Berlin Ladner signs grant with Southern

University of Southern Mississippi head coach Lee Floyd has signed Berlin Ladner, Hancock North Central star athlete, for a full four-year grant-in-aid basketball scholarship.

Ladner, who is 17 years old, weighs 195 pounds and stands six feet four, has been nulling over a number of scholarship offers, including football. He was a moving force at end in the Hawk eleven, called the most improved team in the Gulf Coast Conference last year and

turned down a football-basketball scholarship to Mississippi State University.

Two traffic accidents were investigated last week by assistant Bay police chief John Kachler. All drivers were charged with reckless driving pending hearing in mayor's court, he said.

Last Thursday, a 1955 Chevrolet driven by Jack Perdicario of U. S. 90, struck a parked car in the 400 block of Balentine Street causing approximately \$125 damage to the Perdicario car and \$50 to the parked car.

Friday a 1957 Ford driven by Donald Marquar of Bay St. Louis was struck in the rear by a 1964 Plymouth driven by Albert Brignac, also of Bay St. Louis, apparently as the Marquar car was backing out of a parking place in the 100 block of North Beach causing about \$175 damage to the Brignac car, Kachler said.

WILLIAM M. COLMER
Sooks
Re-election
as
representative

TO THE SOVEREIGN VOTERS OF THE 5th CONGRESSIONAL DISTRICT OF MISSISSIPPI:

As is generally known, I qualified with the Secretary of State and paid my filing fee of \$200 to the Secretary of the Mississippi Democratic Executive Committee on March 6 as a candidate for re-election to Congress from the Fifth Congressional District. Although this was carried by the press at the time, I now desire to follow my long-established custom by making formal announcement of my candidacy for re-election to this high office.

I seek re-election that I may continue to use my best efforts toward:

- (1) Contributing to the progress of South Mississippi and the well-being of its citizens.
- (2) Fighting against the ever-increasing efforts of the self-styled liberals to concentrate all the power of the government in Washington at the expense of the States and the liberties of the people.
- (3) Bringing about a balanced budget and a sound fiscal policy and, thereby, avoiding ruinous inflation and national bankruptcy.
- (4) Bringing an end to the Foreign Aid Program, and
- (5) Further continuing my fight against the vicious Civil Rights Bill now being considered in the Congress. For, it is obvious that regardless of the outcome of the present battle, further and possibly more stringent efforts will be made in the next Congress to forcibly integrate the races.

CONGRESSIONAL SENIORITY

The Congress operates on the basis of seniority. It takes 15 to 20 years for any new Congressman to obtain a ranking position on an important Committee, regardless of ability. I will be the 6th ranking Member of the 435 Members in the new House. I am the Vice-Chairman of the powerful Rules Committee through which all important legislation from other committees must clear before reaching the floor for consideration. In view of the attitude toward our State which prevails in Washington, it can be said safely that Mississippi has no chance to have another of its Congressmen assigned to this key committee in the foreseeable future.

PLATFORM

My platform is my record. That record has been endorsed repeatedly by South Mississippians. Obviously, the three other candidates do not approve of that record. Naturally, their dissatisfaction is shared by certain national groups who do not subscribe to our philosophy of government. Thanks to our American system, anyone who shares that dissatisfaction has the privilege of voting for any one of the three to represent them.

With no desire for self-aggrandizement or other selfish motive, I humbly and respectfully request the high privilege and opportunity to serve you further in this period of the Nation's crisis both at home and abroad.

BILL COLMER

COLMER'S NATIONAL RECOGNITION

Congressman Colmer is dean of the Mississippi Delegation. He is a member of the National Forest Reservation Commission, consisting of two Members of the House, two Members of the Senate and three Members of the President's Cabinet.

The Mississippians also serve as Chairman of the Southern Congressmen in the House, originally set up to oppose civil rights legislation - a position similar to that occupied by Senator Russell of Georgia in the Senate.

In 1957 Colmer was selected by the American Good Government Society, a patriotic, non-partisan, educational organization, for its George Washington Day Award, the first and only Mississippi award of honor.

The Americans for Constitutional Action, a patriotic group, dedicated to the preservation of Constitutional government, recently presented the South Mississippi Representative a plaque, and a rating of 99% on his voting record.

Congressman Colmer has actively promoted the development of the ports and waterways of South Mississippi. In 1938 and later in 1947, by acts of Congress which he sponsored, the U.S. Army Engineers surveyed the Pascagoula River Basin comprising Chunky Creek, Chickasawhay, Leaf and Pascagoula Rivers, for navigation and flood control. The Congressman is co-author of the act of Congress for the third survey of the Pat Harrison Waterway which is now being conducted by the U.S. Army Engineers. He is also the co-sponsor of the Pearl River Basin survey which is now underway.

Congressman Colmer is a self-made man. He worked his way through Gulfport High School and Millsaps College and read law at night while serving as Principal of Lumberton High School.

He is a veteran of World War I, and his three sons served in World War II.

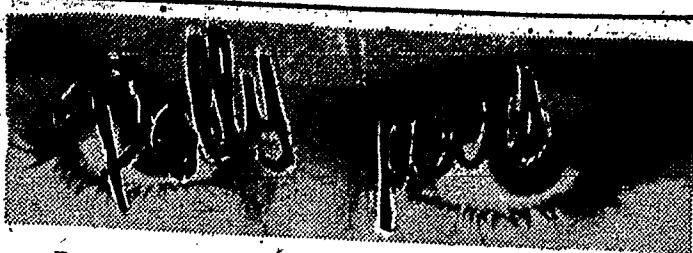

He achieved national recognition after World War II as Chairman of the Post-war

Excess avoidance is sort of like the weather. . . every situation is soon to be remedied by the formation of a brand new club tentatively titled Battlers of the Bulge. Pat (Mrs. Anthony) Pitalo and another Pat (Mrs. Bobby) Fayard are in the process of organizing the group which will meet each Wednesday afternoon during the summer months under the able direction of Dottie (Mrs. Dan) Russell in her studio on South Second Street. (The Echo building upstairs for those unfamiliar with the location). The rules will be very simple; anyone over 18 may join and will receive between one and one-half to two hours of supervised exercises each week for approximately \$6 monthly dues. The one club law to be strictly enforced is NO CHILDREN and of course, NO MEN! You don't have to be fat to qualify either. . . almost everyone has some small figure fault which may be remedied by exercise, it's so much more fun to do it in a group.

The best cure for overweight is, as always, pushing one's chair away from the table and the club will offer sensible, healthful diet suggestions to its members to help take care of those extra pounds. We think it's a wonderful idea and anyone in agreement need only to call either Pat and your name will be added to the registration list. We'll give you the date of the first meeting as soon as it is set.

On the recovery road

We'll start off with get well wishes. . . first to Buck Ladner who had surgery in Montepre Hospital on Canal Street in New Orleans on Friday, to Caroline Kiefer who was re-hospitalized mainly for the reason that's the only way to keep her down, but has now been released; to Belle (Mrs. Charles) Peterson who is undergoing treatment for a blood clot in Hancock General, Lucien Raymond who has been having trouble with an infected knee and to Merle (Mrs. David) Stoufflet who suffered painfully torn leg ligaments in a fall at her home last week.

Fruit salad, fruit salad and more fruit salad were on the very healthful menu for the Newcomer's Club luncheon and style show at Gus Steven's Henderson Point Restaurant last Tuesday at 1 p.m. Lots of local ladies donned their spring finery to turn out for the affair and learned that the use of lemon yellow with black is the thing for '64, that black and white are enjoying a return to popularity and that both the straight and A lines are going strong. Four age groups modeled everything from beachwear to cocktail dresses. . . and Mabel Green was so smitten with a striking black and white outfit which she displayed she promptly purchased same!

Gwen Zachary and her visiting cousin Frances (Mrs. J.E.) Rausin of Wichita, Kan., had quite a time together. Frances arrived Saturday, April 11; on Wednesday, April 15, they drove to Summit where they visited relatives, then spent the weekend in Jackson where Frances boarded a plane for the return trip to Wichita.

The Bob Scivicques' impressive new Felicity Street home is guarded by two large marble statues creating a most unusual effect.

While driving on Felicity we noted that Margaret and Dick Shadoin have had their home repainted a most interesting rust color accented with a charcoal front door.

The Gals took the men three to one and are Mat Rhodes, Lou Wilkerson, Gloria Reinke, Anna Gayaut and Voce Kneeland crowling! How come Mullereteer Don (the great) Murray ended up behind the eight ball!

Roy Saux and Kiddie tv idol, The Great Mac Nutt, otherwise known as Wayne Mack golfed Sunday while Wayne's wife Jan and three daughters visited Kate.

Mystery of the week

What on earth is Lee Costa planning to do with his collection of little plastic bags? He says they're not for the more or less expected use—packing frozen foods—his freezer is already loaded, and he just isn't the type to smuggle them into baby cribs.

Sorry we're late but belated 53rd wedding anniversary greetings go to Mr. and Mrs. J. S. Dailey who observed the date on April 9.

Guess what Mrs. Eugene Davis has her food freezer loaded with? We'll tell you that it isn't food and that she plans to use it on the Fourth of July!

Betty and Fred Rose have moved into their apartment in fabulous Bay Royale.

Happy birthday wishes go to little Jules Mollere who was four on April 20.

Kute kittens

One of our neighbor's numerous cats has about the most expensive maternity room around. . . she produced a three kitten litter in the Echo's brand new five grand folder! The machine is now called the 'Florence Kitten Home'. Still on the subject of animals, Tiny Herlihy attended funeral services for her small cousin.

More birthday greetings. . . to Clarence Stringer and William Andrews who cut their cakes on April 26 and to Ken Waltman who'll celebrate April 29.

Driving to Mobile today are Marcella (Mrs. Charles) Bradley, Mrs. O.H. France and Mesdames Clarence Stringer, sr. and jr.

Pancakes plus

Dawn and Geetie Ruhr are still recuperating from Dawn's scout troop cookout which followed a hike to the Stechman farm last Friday. Geetie said he fried so many pancakes he doesn't think he'll ever be able to eat another!

The proudest and probably just about the youngest grandparents in Texas are former Waveland residents Anna Mae and Eddie Oliver whose daughter Sue (Mrs. Walter Seyffert, III), presented them with a granddaughter, Lynn, who weighed in at eight pounds, six ounces at a Galveston hospital last week. Mrs. Annie Oliver and Mark Oliver of Bay St. Louis are great-grandparents.

They're biting

Fresh water fish seem to be biting on just about anything offered to them, and a few species have been reported caught off boats way, way out. If warm weather continues it won't be long before crabs will be plentiful.

Silver tea given at Carter home

The home of Mrs. Norman L. Carter on Waveland Beach was the scene of the silver tea given by the women of Christ Episcopal Church last Wednesday afternoon.

Receiving guests were Mesdames Charles Johnson and Eric Kirkpatrick while Mesdames Archibald Bruff and H. B. Holmes were at the registry.

Pouring tea and coffee were Mesdames Thomas Garner, Alvin Moore, Walter Rausch, John J. Kennedy, Walter Dupaquier, William Frisbie and Dix Ashman.

Full off the seawall—we hope

Gripe corner

We've been asked to mention the fact that narrow Washington Street is once again being used as a temporary night drag strip—like Lang's truck was a casualty of last weekend. If you must drag. . . go to Biloxi and use the proper facilities!

Polly Fagen had an exciting weekend among the Mayan Indians. She didn't go to Guatemala however. . . the Mayans are in New Orleans under sponsorship of International House where they present marimba rhythms, demonstrate weaving and other local talents. Polly stayed in the hotel with the women and said they had a problem getting them to shower. . . apparently cleanliness doesn't seem very important in their way of life. Too, they ignored beds, sleeping fully clothed on blankets and ate with spoons fearing to get stuck with forks. She said it was quite an experience.

Hazel (Mrs. Charles) Dahlin either reads the Echo or our mind. . . received a card stating she's in Evangeline Country. . . the card was mailed from Lafayette and she described the beauties of the Teche at this time of the year.

Another card from Switzerland arrived from Louise (Eeze) and Jeanne Charbonnet. They are just going everywhere in Europe. They even skied in the Alps and Eeze confessed to doing most of it on her derriere!

Jane and Brewster Mollere and Bootsie Wolfe needn't worry. . . we'll state that they had a ball visiting the Louis Grunzates at their New Orleans home last Sunday but won't go into any face reddening details!

Guess who?

Who is the last of the big spenders. . . a hint—he gifted each of his three children and their families with a color television set last week!

Shannon Roseberry was feeling well enough to go shopping with Eleanor Whitson last Friday. Shannon has been

Red Cross drive is short of goal

Slightly over \$2,500 was raised toward a goal of \$3,000 in the annual American Red Cross fund drive in Hancock County which closed Saturday.

Persons who failed to contribute may mail checks to the Red Cross at P. O. Box 149, Bay St. Louis.

Garner said a number of workers were sick which delayed solicitation in several areas, under treatment for pneumonia.

Bea and George Georgi has Bea's nephews, Earl and Stan Retif of New Orleans as weekend guests. Little Stan gave quite a show with his imitation of Louis Armstrong's 'Hot Dolly'.

Wayne Newport, an employee of Allied Steel who hails from Perkins, Okla., missed the wild west so much that he broke down and purchased a quarter horse named My Esso. . . fellow worker Richard Cloud insists he's the animal's trainer.

Mrs. Ben Peterson is anticipating the arrival of her 14th grandchild. Her youngest son, Robert, and wife expect their first in early fall.

SIGHTS AND SOUNDS A- LONG THE WAY—Signs of summer residents in unsightly little (and big) bags of garbage littering the Monday morning landscape; pale green leaves, now erasing winter's black bare branches filtering the golden sunlight and the swish of these branches as they blow to and fro in the variable spring breezes.

Luke hurt as BHS 9 romps by Stone

Bay High chalked up its biggest score of the season last Wednesday on St. Stanislaus' diamond knocking over Stone High of Wiggins 16-3. But it was a costly victory for the Tigers. In the second inning, during a seven-run rally, Leroy Luke, hard-hitting catcher and shortstop, broke his leg sliding into home plate and is benched for the season, coach Lance Lumpkin said. He was hitting .385.

The Tomcats, who went on to beat Ocean Springs Friday, rated one of the conference's strongest nines, took the lead

in the first inning when Black scored on Conrad's double to give his mates a 1-0 lead but Danny Krankey, who got credit for the win, settled down only allowing two more runs in the fourth.

The second inning started calmly when Mike Smith grounded out and Boogie Dean struck out but the fireworks started when Barry Kneeland was hit by a pitched ball and stole second. Chuck Wagner, who chalked up three singles in four trips, walked as did Krankey, loading the bases. Dick Watts was safe on an

error, Kneeland and Wagner scoring on the play. Leslie Blaize walked, again loading the bases. Mike Strong walked scoring Krankey. Luke walloped a fast ball for a two-bagger bringing Watts and Blaize home.

Up for his second turn in the inning, Smith blasted out a two-bagger and the peg was to the plate in an effort to cut off Luke who came in sliding feet first, his spikes hooking in the ground breaking his leg but the run scored as did Strong before him.

After a time out, Dean went safe on an error and Kneeland struck out to end the hectic

Tiger 9 lead circuit

Bay High claimed top spot in the Gulf Coast Baseball Conference adding Pass Christian to its list of victims 3-2 in a District Eight A-AA home game Friday.

The Tigers were 4-0 in conference play and 4-1 overall, St. Stanislaus holding an opening day victory over the Tigs. Coach Lance Lumpkin had to juggle his men around because of Leroy Luke's broken leg but came up with a winning combination with Boogie Dean at first, Dick Watts second, Chuck Wagner short, Mike Smith third, and Leslie Blaize, Barry Kneeland, Danny Krankey and Johnny Shamuck in the outfield. On the mound was Mike Strong with Walter Gagnon catching.

The Tigers were only able to score in the second inning but it was enough to overcome a two-run Pirate lead and to win the contest. Gagnon drew a pass, took second on a passed ball and went to third on Watts' single. Blaize singled, scoring Gagnon and sending Watts to third. Smith poled a high sacrifice fly to center, Watts scoring and Blaize taking third after the catch. The final run came when Blaize scored on Strong's sacrifice grounder.

Strong went the distance and got credit for the win while Robert Hincks, who was relieved by Wayne Moran in the fifth, was charged with the loss. The Pirates got five hits, the Tigers three. Pass Christian scored once in the fourth and again in the fifth.

director, supervisors saying there was already a radio on the sheriff's band for that purpose, but he declined observing that he was just now getting his city program organized and did not think it fair to resign at this stage.

Lone bids of Fred Hoagland Ford Sales for three trucks for seawall use were accepted. Bid for two dump body trucks was \$8,809.60 less \$2,230.02 discount, or \$6,579.58, and for one 1/2-ton pick-up, \$2,284.40 less discount of \$430.40 or \$1,854. The board went on record as approving a proposed amendment to Sec. 7103 of the code of 1942 to allow supervisors to fix amount of taxes which may be levied for mosquito control "provided it shall not exceed three mills" the amendment states.

Prospective jurors were also selected from each beat and recorded in the minutes as required by law.

Lengthy testimony on the road controversy between owners of the Garcia estate property in Clermont Harbor was heard, neither side being willing to agree with suggestions made by supervisors. One faction contended the other had plowed up a public road he had been using for 30 years as access to his property, the other claiming it was private property. After hearing testimony of long-time residents, Hubbard ruled it had been in public use more than 10 years and therefore a public road but notified the clerk to continue the case on the minutes.

The board adjourned until May 4.
